

Dear Customs,

Please be advised that the contents pertaining to the invoice below was split into TWO (2) packages.

According to FedEx, both packages are of the same weight which is 28.3 lbs.

I do not know how the contents were split and as such I've declared both packages each at half of the invoice total.

That is to say, the total invoice is not to be used for both packages.

The FedEx codes for the packages are below:

1. 273016788773

2. 273016779827

This is how I was able to confirm the weight of the packages.

Any assistance rendered will be greatly appreciated and the invoice is below.

Regards,

Marcus Phillip
